About this experience

This short tour takes travellers from the coastal resort area of Bentota inland to Sinharaja Rain Forest, a UNESCO World Heritage Site and one of Sri Lanka's last surviving lowland rainforests. Travel is by private vehicle with an English-speaking chauffeur guide, who leads the way along jungle pathways that weave through small streams in search of endemic birds, reptiles and rare flora.

Transport, fuel, highway tolls and drinking water are included throughout, while hotel accommodation, meals and site entrance fees are arranged separately. With a private vehicle and guide at their own pace, travellers can explore Sinharaja's trails without being tied to a fixed schedule.
